

## Abstrak

Pandemi *Covid-19* resmi dinyatakan masuk Indonesia pada bulan Maret 2020. Pandemi ini, berdampak besar atas berbagai sektor di Indonesia termasuk perekonomian. Semua lapisan masyarakat terkena dampak baik di kota maupun di desa. Kemudian, pemerintah mengeluarkan berbagai kebijakan yang salah satu tentang Bantuan Langsung Tunai Dana Desa (BLT-DD). Oleh karena itu, Kantor Wali Nagari Muaro Sijunjung memberikan BLT-DD untuk mendukung masyarakat yang terkena dampak *Covid-19*. Penelitian ini bertujuan untuk mengetahui ketepatan penyaluran BLT-DD yang dilakukan oleh Kantor Wali Nagari Muaro Sijunjung. Penelitian ini menggunakan metode data kualitatif dengan menggunakan teknik pengumpulan data melalui studi kepustakaan, dokumentasi, wawancara, dan observasi. Hasil penelitian ini menunjukkan ketepatan prosedur yang telah dilakukan sesuai dengan peraturan yang berlaku. Kemudian, ketepatan penyaluran BLT-DD telah dilakukan tepat waktu. Dalam penyaluran BLT-DD yang dilakukan cukup tepat sasaran namun masih belum maksimal dikarenakan terjadi kesalahan oleh perangkat Kantor Wali Nagari Muaro Sijunjung. Terakhir, ketepatan penerimaan BLT-DD telah cukup sesuai dengan kategori yang berhak menerima BLT-DD. Walaupun terdapat isu adanya dugaan nepotisme dalam penyaluran BLT-DD di Nagari Muaro Sijunjung.

## Abstract

*The Covid-19 pandemic was officially declared to have entered Indonesia in March 2020. This pandemic had a major impact on various sectors in Indonesia, including the economy. All levels of society are affected both in the city and in the village. Then, the government issued various policies, one of which was the Village Fund Direct Cash Assistance (BLT-DD). Therefore, the Muaro Sijunjung Village office provided BLT-DD to support communities affected by Covid-19. This study aims to determine the accuracy of the distribution of BLT-DD carried out by the Muaro Sijunjung Village office. This study uses qualitative methods using data collection techniques through literature study, documentation, interviews, and observations. The results of this study indicate the accuracy of the procedures that have been carried out in accordance with applicable regulations. Then, the accuracy of the BLT-DD deployment was carried out on time. In the delivery of BLT-DD, it was quite right on target but it was still not optimal due to an error by Muaro Sijunjung Village official. Finally, the accuracy of BLT-DD acceptance was in accordance with the categories entitled to receive BLT-DD. Although there are issues of alleged nepotism in the distribution of BLT-DD in Muaro Sijunjung Village.*
